Dear Mr. Nguyen Anh Quan,

My name is Ho Cong Hieu, a final-year student majoring in Information Technology. I am writing to express my sincere interest in the Front-End Developer position at FPT Da Nang. I am eager to apply my academic knowledge and practical skills in a dynamic and professional environment like yours.

During my studies, I have built a solid foundation in front-end technologies such as HTML, CSS, JavaScript, and ReactJS. I have applied these skills in various academic projects and personal exercises, where I focused on creating responsive and user-friendly interfaces. I am especially passionate about creating clean, efficient code and delivering great user experiences.

What attracts me most to FPT Da Nang is your innovative culture and strong emphasis on technology and teamwork. I believe this role offers an excellent opportunity for me to grow, learn from experienced developers, and contribute to real-world projects.

I have attached my resume for your review. I would be grateful for the opportunity to discuss how I can contribute to your team in more detail. Thank you very much for your time and consideration.

Sincerely

Ho Cong Hieu
